

Air Quality in Film and Television Production

WHEN: Friday February 27, 2015; 10:30 a.m. - noon

WHERE: Pinewood Toronto Studios
Screen Industries Research & Training Centre (SIRT)
Stage 10
225 Commissioners Street
Toronto, Ontario, M4M 0A1

ADMISSION: Free!!!

The Ontario Film, Television and Digital Media Section 21 Health and Safety Advisory Committee will be holding a seminar on **Air Quality for Film and Television Production**. The seminar will be hosted by **Stephen Booth and David Gardiner of Pinchin Environmental** and will outline workplace hazards, location air quality assessments, reporting requirements and understanding air quality assessments commissioned by production.

Following Pinchin's presentation, **Don Brown, Ontario Ministry of Labour**, will review the obligations of employers and employees as prescribed in the *Occupational Health and Safety Act*.

We look forward to see you there!!!!
